

Introducing SHIFTm2M

Leaders following Jesus in building spiritual movements

Christian leaders from around Australia are invited to learn together through SHIFTm2M - a relational learning environment centred on the gospel accounts of Jesus' ministry. Engage with other leaders while immersing yourself in His life and ministry. You will be partnered with a facilitator to help you wrestle with the realities of implementing what you discover about **movement building** in your own life and ministry context.

This is not an effort to prescribe a 'model' of doing ministry that you can take and plant over your old style. SHIFTm2M is a journey to discover the foundation of 'who' Christ is calling us to be and 'what' He is asking us to build as His followers, founded on a deep exploration of Christology which shapes our Missiology. How it looks in your context will vary greatly, however our hope is that you will grasp a greater vision for true discipling and that you will begin to see your own ministry context through the eyes of Jesus' vision for His followers.

SHIFTm2M groups are learning communities of 3-15 leaders coming together to study the Life of Christ... specifically how Christ made disciples who could make disciples. Centred around three training manuals, SHIFTm2M Groups are times of study, training, discussion and evaluation. Meeting together over a period of 1-2 years, you'll study movement building principles from the life of Christ which have been used by tens of thousands of leaders globally.
